

Bioeconomy Policy and Governance:

Origins, Impacts, and Recommendations

Research Workshop

Online (via Zoom, [Link](#), Meeting ID: 662 7993 3834, Password: 065564) | 11. November 2021

Introduction	
9:00-9:15	Workshop Introduction
9:15-9:30	Opening Remarks by Dr. Thomas Schwietring (Projekträger Jülich)
Section I: Bioeconomy Policy Design and Political Processes	
9:30-10:00	Malte Luehmann , Friedrich Schiller University Jena, Institute of Sociology, (Project: Bioeconomy and Inequalities) <i>"Shaping the EU's bioeconomy agenda: An analysis of the 2018 strategy review"</i>
10:00-10:30	Jan Janosch Förster , University of Bonn, Center for Development Research, (Project: STRIVE) <i>"Evidence from two cases: aspects of governance and policy in the Bioeconomy of South Africa and Thailand"</i>
10:30-11:00	Maria Proestou & Nicolai Schulz , Humboldt-Universität zu Berlin, Department for Agricultural Economics, (Project: PolDerBio) <i>"Explaining Strong and Weak Resilience Orientation in Bioeconomy Policies: A Configurational Analysis"</i>
11:00-11:45	Break
Section II: Impacts of different Bioeconomy Policies and Governance frameworks	
11:45-12:15	Camila Moreno , Humboldt-Universität zu Berlin, Department for Agricultural Economics, (Project: BioMaterialities) <i>"Green recovery and bioeconomy as a transition strategy: interface and normative impacts for sustainable development"</i>
12:15-12:45	Karen Siegel , University of Münster, Institute of Political Science, Jorge Sellare , University of Bonn, Centre for Development Research (Projekt: SABio) <i>"Fostering inclusive sustainability transitions? Bioeconomy governance in South America"</i>
12:45-13:45	Lunch
Section III: Improving Bioeconomy Policies and Governance	
13:45-14:15	Chiara Iurato , University of Freiburg, Institute of Environmental Social Sciences and Geography, Chair of Environmental Governance (Project: KASCoP) <i>"Categorizing markets for transitions - Differences in the representation of industry associations in the German wood-based markets"</i>
14:15-14:45	Luana Ladu & Alexandra Gottinger , Technische Universität Berlin, Fachgebiet Innovationsökonomie (Project: BioTOP) <i>"Identification of blocking mechanisms affecting the Technological Innovation System of biomaterials"</i>
14:45-15:00	Break
15:00-15:30	Bärbel Hüsing , Fraunhofer-Institut für System- und Innovationsforschung ISI (Project: TRADINNOVATION) <i>"Comparison of innovation systems for plant and insect based meat alternatives and for cultured meat"</i>
15:30-16:00	Victoria Hasenkamp , Westfälische Wilhelms-Universität Münster, Institut für Politikwissenschaft (Project: BIOCIVIS) <i>"How to design participation processes to secure the sustainability potential of biotechnological processes?"</i>
16:00-16:30	Concluding Remarks
