

Summer School 2018

on

Policy analysis of agricultural and food systems using economic modelling

- You are a Master student in your third semester
- You are enrolled in one of the following universities: University of Abomey-Calavi, University of Parakou, African School of Economics
- Your background is in agricultural economics, economics, international trade or related fields
- You would like to enhance your theoretical and practical knowledge in applied economics
- You are interested in learning about the principles of policy analysis in the agricultural and food systems
- You would like to acquire analytical skills by applying methods hands-on with case studies
- You want to learn about using economic models to address policy relevant questions

... then apply for the Summer School 2018!

Application deadline: 31. May 2018

How to apply?

Send the following details to the coordinators Johanes Agbahey (ssbenin-thaer-institut@hu-berlin.de) and Prof. Vissoh Pierre (pierrevissoh@gmail.com)

- Name and contact details (email and cell phone)
- Proof of registration at one of the partner universities
- Transcript of records with notes in Microeconomics and in English (alternatively score for TOEFL or GRE tests)
- Please state whether you have already had some introduction to GAMS and to modelling techniques
- Please state whether you could bring your own laptop with Microsoft Windows as the operating system

* The application and the summer school itself are free of charge
