

Prof. Dr. Klaus Eisenack offers a position for a

Student Assistant

in the Resource Economics Group for 40 hours per month. The position is to be filled from May 15th 2024 for 12 months, but is planned to be extended to at least 24 months.

The group advances economic research on the sustainability transition, in particular: Political economy and institutional economics of climate change adaptation and mitigation; urban climate governance; water management and the energy transition; archetype analysis as an approach to study social-ecological-technical systems. We offer insightful work in a strong team.

Tasks

- Supporting the research of the resource economics group, including literature research, data retrieval and -analysis
- Supporting lectures and preparing teaching material
- Advisory activities for students

Requirements

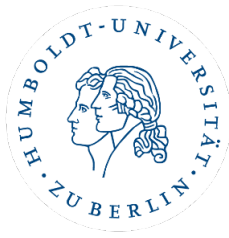

- Good language skills in English
- Experience with standard office software
- High motivation for and interest in our research topics

Advantageous

- Knowledge in environmental, resource or institutional economics
- Good language skills in German
- Knowledge of further software, e.g. R, Python, Mathematica, Latex.

Please send your application (motivation letter, CV, transcript of records, one pdf file) by April 30, 2024 by email to Ines Jeworski (resource-economics@hu-berlin.de), with reference number **2111/08/2024**

The junior research group *PECan* at Humboldt-Universität zu Berlin invites applications for a position as

Student Assistant (40 hours per month) (m/f/d).

The successful candidates will join the junior research group *PECan*, working on the political economy of climate policies and finance at Thae-Institute of Humboldt-Universität zu Berlin (HU-Berlin) and the Potsdam Institute for Climate Impact Research (PIK). We conduct research on politico-economic interactions of climate policy-making with the financial system and its regulation within consistent scenarios of a sustainable transformation. You will be part of a transdisciplinary project funded by the German Federal Ministry of Education and Research within the '[Research for Sustainability](#)' (FONA) Strategy.

Requirements:

- High motivation for and interest in our research topics
- Good knowledge of economic methods
- Experience with standard office software

A plus would be:

- Skills in LaTeX and statistical software (R, Stata, Python)
- Knowledge in environmental economics, political economics, or financial economics

Tasks:

- Supporting our research, including literature research and data analysis
- Supporting teaching activities, including the preparation of teaching materials

The position is scheduled to start on 15.05.2023 for a duration of 12 months (An extension to 24 months is planned). People with diverse backgrounds are specifically encouraged to apply. Disabled applicants with equivalent qualifications will be given preferential consideration.

Please send your application by April 30, 2024 including a motivation letter, a copy of relevant certificates (including recent transcript of records), a complete CV, and a writing sample (e.g. your Bachelor-Thesis), in a single PDF file with the subject "PECan application_<your name>" to Ines Jeworski resource-economics@hu-berlin.de, with reference number **2111/08/2024**
