

Humboldt-Universität zu Berlin, Resource Economics Working Group

Postdoc Position (100%, E 13 TV-L HU) in the

Economics of Resource Games

for 2 years (extension to 6 years intended)

The new working group of Prof. Dr. Klaus Eisenack studies polycentric climate governance, adaptation to climate change, and the coevolution of resources and institutions. It combines quantitative and qualitative methods for scientific achievements in areas with high societal relevance.

Tasks

- Research and publications, individually and with co-authors
- Developing joint research proposals
- Teaching in environmental and resource economics
- Supervising Master and PhD students
- Present the division's research at scientific conferences and participate in networking activities
- Support team-building and research strategy development of the new working group

The postdoc is strongly encouraged to apply for junior research group grants and/or to pursue a habilitation.

Requirements

- Track record in resource / energy / environmental economics or related fields
- Proficiency in game theory, simulation or related methods
- Experience with peer reviewed publications
- Ideas for an own research agenda that fits to one of the group's research themes
- Willingness to collaborate with qualitative researchers and experience with inter-disciplinary research
- Strong teamplayer
- Excellent PhD in economics or a related subject
- Proficiency in English

Experience in institutional economics, experience with acquisition of research projects and grants, and proficiency in German would be a plus.

Please send your application with motivation letter, curriculum vitae (incl. publications and experience with research projects), two sample publications, name and address of two referees, electronically to i.jeworski@hu-berlin.de, preferably before March 17th, 2016, with reference number AN/024/16. The position will remain open until a qualified candidate is found. The website www.hu-berlin.de/stellenangebote gives access to the legally binding German version of this job offer.
