Guidelines for poster presentations

GEWISOLA conference Sept 25-27, 2013 in Berlin

At GEWISOLA conference 2013 eight posters will be displayed in six sessions during 90 minutes each. Accordingly every poster has to be **presented in 5 minutes** with a subsequent discussion of maximal 5 minutes. We request you to comply with the latter.

All posters will be presented electronically. Thus it is not necessary to deliver a printed version.

Regarding the posters' layout please consider the following guidelines:

- Use the **horizontal format** to create your poster.
- Choose size DIN **A4 Paper** (**210 x 297 mm**), slides' orientation landscape.
- Your poster should feature the **minimum font size of 10 pt** considering the font **Arial** (in texts, tables and figures) as your text should be still readable within 8 to 10 m of distance. A smaller font size won't be readable.
- Avoid dark backgrounds. To ensure good readability preferably use dark letters on a light background and keep in mind to accomplish a poster being **rich in contrast** and **clear**.
- Please use colours carefully.

Following this link you will find examples regarding the layout of posters:
http://www.aaea.org/2013am/presenters/poster-presentations.

Poster file submission

Your poster file must contain a cover page (page 1, template: http://www.gewisola2013.hu-berlin.de/service/titelseiteposter) and the poster as such (page 2). Please upload this file in **PDF format no later than 28/08/2013** to the GEWISOLA conference homepage http://www.gewisola2013.hu-berlin.de). This file will be displayed at the conference and published on the GEWISOLA homepage as well as the AgEcon homepage.

In case of any questions or doubts please contact the conference office (gewisola2013@hu-berlin.de).

We appreciate your cooperation,

Your organization committee
